

# Class of 2000 25th Reunion Jacket

## HOW TO MEASURE

This jacket fits like a traditional men's blazer (so roomier) and a slightly tailored women's blazer. It should run consistent with your normal jacket sizing. However...

**Please measure and use the size chart.**

Options to gather your measurements:

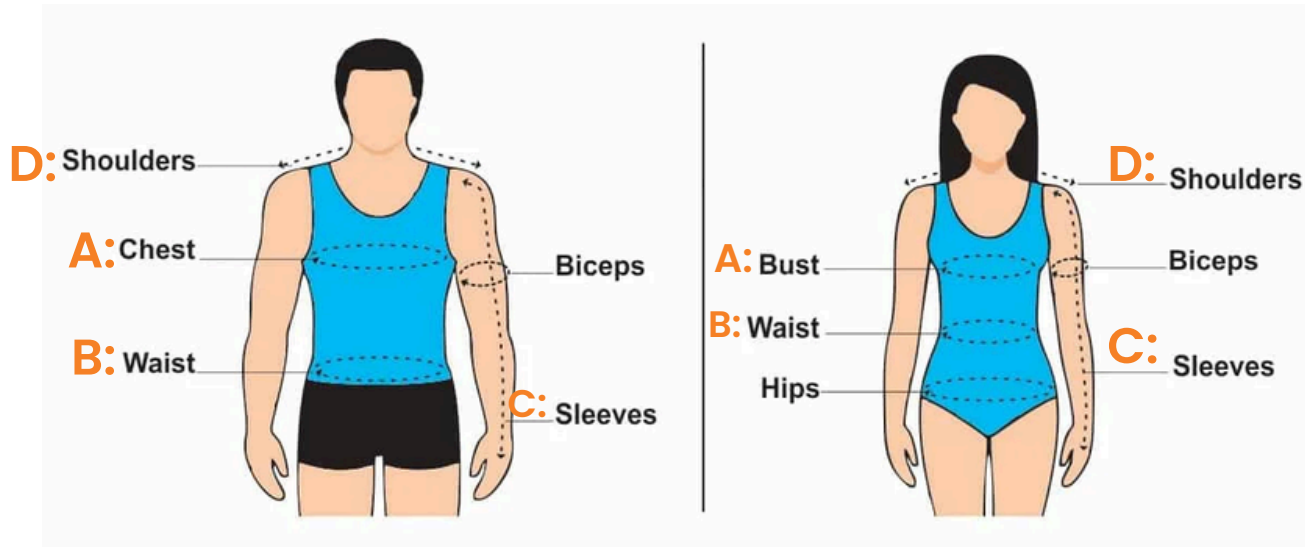

1. Visit your tailor or local dry cleaner and get measured. Use the size chart below so you know what measurements to ask for.
2. Have your measurements taken at home. Use the guide below. You need a cloth measuring tape and someone to measure you. You cannot do this alone.
3. Measure from a jacket you already own. See guide below.

*We want your jacket to fit when you get it at reunions. We want it to work for you for decades to come! If you have questions or your measurements don't seem to be on the size chart reach out to the costume team and we can help you. [p2000jackets@gmail.com](mailto:p2000jackets@gmail.com)*

# Class of 2000 25th Reunion Jacket HOW TO MEASURE USING BODY MEASUREMENT

× × ×  
× × ×

**E: ACROSS BACK**

**F:**

**Before measuring wear a shirt that you would be wearing under your jacket. Use a cloth measuring tape. The chart has a finished blazer measurements so you will need to account for some extra room (it is not a skin tight blazer)**

**A: CHEST/BUST**-About 1" below the armpit wrap tape around widest part of your chest.

**B: WAIST**- Waist is measured at or slightly below the belly button, around the natural waist line where the belt of the pants is usually fastened, the method is same as measuring the chest one.

**C: SLEEVE LENGTH**-Sleeves are measured from the edge of the shoulder to the mid of palm.

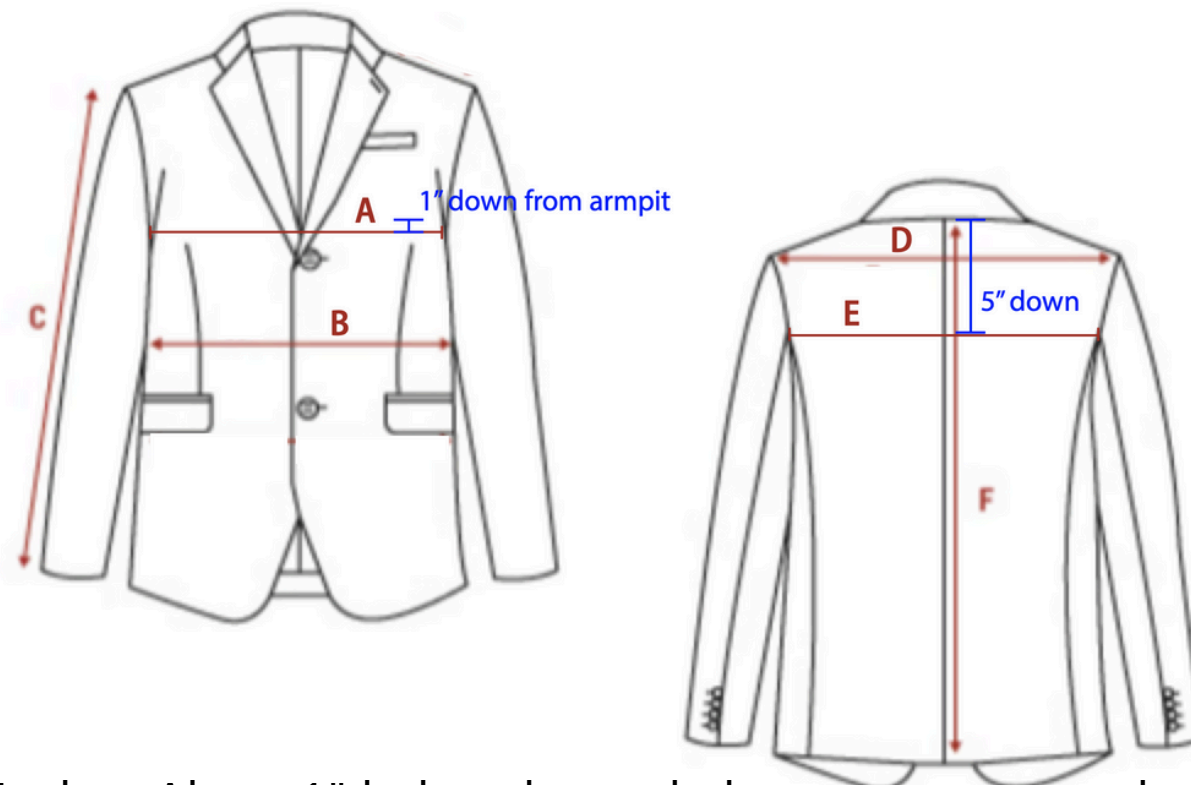

**D: ACROSS SHOULDER**- Measure from the point of the shoulder seam to seam **straight** across the back along base of the neck.

**E: ACROSS BACK**- Measure from just by armpit across the back, making sure the tape measure follows the natural curve of the back.

**F: CENTER BACK LENGTH**: Start from the base of the neck and measure down to the desired length of the jacket, ensuring the tape measure is straight.

# Class of 2000 25th Reunion Jacket **HOW TO MEASURE ON AN EXISTING GARMENT**

**A: CHEST**-Button Jacket. About 1" below the armhole measure across the chest. You will double this number to get chest circumference.

**B: WAIST**- Measure narrowest place above pocket. Double this measurement.

**C: SLEEVE LENGTH**- Measure from shoulder seam down to edge of sleeve.

**D: ACROSS SHOULDER**- Measure distance from shoulder to shoulder.

**E: ACROSS BACK**- Measure the distance between the two seams along the back 5" down from collar.

**F: CENTER BACK LENGTH**: Measure along the center back seam from collar seam to bottom of the jacket
